

This year's 'Best of British' theme will showcase the cream of British built classic and sports cars and feature two very special 'British' display areas:

'Morris Centenary'
'TVR Car Club East Midlands Regional Day'

The Morris Centenary celebrates 100 years since the first vehicle rolled off the Cowley production line in the Spring of 1913 priced at £175 and we aim to gather as many different types and age of Morris cars & vans as possible for this year's festival—we need **YOUR** Morris!

This year, Saturday is a FREE public preview day and will include a Treasure Hunt later in the afternoon and evening entertainment for exhibitors staying on-site. The Treasure Hunt is planned to start at 4pm onwards with intervals of approx 5 mins per car. Bookings for the Treasure Hunt will be taken on the day. The **Treasure Hunt** will be approx 30 miles and take you through the surrounding country lanes with **CAKES** available at the start, finish and half way point !

Sunday is 'Show 'n' Shine' Day with 20th and 21st Century categories for vehicles from around the world.

American 'Muscle' cars; Italian 'style icons' and a mouth-watering display of German engineering in the form of the **South Yorkshire & North Notts. Independent Porsche Enthusiasts Club Regional Day** will be setting the pace this year.

Wonderland 2013 features 'Legendary' models from across the Ford range; Custom cars and a new judging category **Vehicles of Special Interest** (e.g. Kit cars; Military vehicles; Commercial vehicles etc)

This year the 'Modified' category has been split into 'Pre 1990' and '1990 onwards' due to the sheer number of entrants last year.

Traders, food outlets, children's entertainment, camping, plus a 20% discount entry for festival visitors to the neighbouring Farm Park, make this is a **festival for enthusiasts & the family.**
